

1094	BAHN BRAKE PEDAL PAD FOR FL, TUXEDO	
INFORMATION AND SUPPORT	INFO@BAHNPRODUCTS.COM	866 294 2827

NOTICE

This indication alerts you to the fact that ignoring the contents described herein may negatively affect product performance and functionality or damage the product itself or the product to which it is being attached.

MAKE SURE THE FOLLOWING PARTS HAVE BEEN INCLUDED IN THE KIT:

- 1 BAHN Brake Pedal Pad
- 1 Hardware Kit containing:
 - 1 5/16" X 1-1/8" X .08" Flat Washer
 - 1 5/16" Lock Washer
 - 1 5/16" Acorn Nut
- 1 Installation Instructions

YOU WILL ALSO NEED:

Set of combination wrenches, WD-40® or equivalent penetrating oil, sharp razor knife

NOTICE

These installation instructions contain important information. Ensure that the end user receives this copy and is aware of its importance for future reference.

STEP 1 Read and understand all steps in the instructions before starting the installation. Park the motorcycle on a hard, level surface and turn **IGN OFF**. Allow the engine and exhaust system to cool.

STEP 2 Refer to **PIC 1**. Remove the existing brake pedal pad.

Peel the pad up and spray WD-40® inside; work the pad back and forth until it comes off.

OR

Use a sharp razor knife to cut the pad, then peel it off.

STEP 3 Refer to **PIC 2**. Insert the stud on the back of the BAHN Brake Pedal Pad through the hole in the brake arm.

STEP 4 Secure the Pad to the arm with the included Flat Washer, Lock Washer, and Acorn Nut.

Hold the Pad in place and tighten the Nut securely.

NOTICE

It is the end user’s responsibility to ensure that all of the fasteners (including pre-assembled) are tightened before operation of the motorcycle. Küryakyn will not provide warranty coverage on products or components lost due to improper installation or lack of maintenance. Periodic inspection and maintenance are required on all fasteners.

TIPS FOR PROPER CARE:

Your new BAHN product is made out of anodized aluminum. Anodized aluminum requires special attention when cleaning. Some cleaning products or procedures can actually remove the anodized treatment which will lead to pitting in the aluminum.

Thoroughly clean the BAHN product often with a soft cloth, mild soap and water. Regular cleaning keeps contaminants from building up.

Rinse thoroughly with FRESH water.

Use only metal protection products that are formulated for anodized aluminum.

DO NOT USE bleach or chlorides to clean the BAHN product.

DO NOT USE products containing abrasives to clean the BAHN product. **Never** use steel or brass wool, wire brushes, polishing wheels, rubbing or polishing compounds on the BAHN product.

DO NOT USE concentrated alkaline based solutions to clean the BAHN product. Many detergents are alkaline based.

LIMITED WARRANTY

Küryakyn warrants that any Küryakyn products sold hereunder, shall be free of defects in materials & workmanship for a period of one (1) year from the date of purchase by the consumer excepting the following provisions:

1. Küryakyn shall have no obligation in the event the customer is unable to provide a receipt showing the date the customer purchased the product(s).
2. The product must be properly installed, maintained & operated under normal conditions.
3. Küryakyn shall not be liable for any consequential & incidental damages, including labor & paint, resulting from failure of a Küryakyn product, failure to deliver, delay in delivery, delivery in nonconforming condition, or for any breach of contract or duty between Küryakyn & a customer.
4. Küryakyn products are often intended for use in specific applications. Küryakyn makes no warranty if a Küryakyn product is used in applications other than intended.
5. Küryakyn electrical products are warranted for one (1) year from the date of purchase by the consumer. L.E.D.'s contained in components of Küryakyn products will be warranted for defects in materials & workmanship for 3 years from the date of purchase where as all other components shall be warranted for one (1) year. This includes, but is not limited to; control modules, wiring, chrome & other components.
6. Exhaust systems are warranted for manufacturing defects only. There is no warranty on exhaust pipes & mufflers with regard to any discoloration. Discoloration or "blue-ing" is caused by tuning characteristics, exhaust timing, carburetor jetting, overheating, etc. & is not caused by defective manufacturing.
7. Küryakyn makes no warranty of any kind in regard to other manufacturer's products distributed by Küryakyn. Küryakyn will pass on all warranties made by the manufacturer & where possible, will expedite the claim on behalf of the customer, but ultimately, responsibility for disposition of the warranty claim lies with the manufacturer.
8. Merchandise purchased directly from internet auction sites or any other third party seller is considered sold as is & shall not carry a Küryakyn warranty. All warranty claims must be directed to the original seller. If unsure please contact the seller to verify they are an authorized Küryakyn retailer.
