THANK YOU FOR CHOOSING KÜRYAKYN!

IN ORDER TO PROTECT YOU AND OTHERS FROM POSSIBLE INJURY AND/OR PROPERTY DAMAGE OR LOSS, PLEASE PAY CLOSE ATTENTION TO ALL INSTRUCTIONS, WARNINGS, CAUTIONS AND ATTENTION NOTES REGARDING THE USE AND CARE OF THIS PRODUCT.

WARNING! THIS INDICATION ALERTS YOU TO THE FACT THAT IGNORING THE CONTENTS DESCRIBED HEREIN CAN RESULT IN POTENTIAL DEATH OR SERIOUS INJURY.

ATTENTION! This indication alerts you to the fact that ignoring the contents described herein may negatively affect product performance and functionality.

CAUTION! This indication alerts you to the fact that ignoring the contents described herein can result in potential injury or material damage.

STRICTLY OBSERVE THE FOLLOWING GUIDELINES IN ORDER TO USE THE PRODUCT PROPERLY AND AVOID POTENTIALLY DANGEROUS ACCIDENTS.

STEP 1 Read and understand all steps in the instructions before starting the installation. Park the motorcycle on a hard, level surface and turn off the ignition.

This is not your traditional roll bag. The new Classic Tour bag is perfectly sized for over night or day trips.

- Zippered ends and large hatch allow access to main compartment from almost all sides.
- Expandable side compartments provide extra room when you need it and keep the bag narrow when you don't.
- New WATERPROOF zippers have large, glove friendly pulls. Also includes a rain cover for added protection.
- 1200 denier construction for durability.
- Wide hook-&-loop belt securely attaches bag to any backrest.
- Semi-rigid construction provides support so the bag retains its shape – even when empty. Perfectly sized to provide lumbar support for rider when mounted on passenger seat. Lean back and enjoy!
- Plenty of sturdy D-Rings allow you to bungee additional items to the bag or lock the side pocket zippers if needed (small padlock not included).
- Convenient shoulder strap makes it easy to carry into the hotel after a long ride.

CAUTION! Küryakyn is not responsible for improper loads or unsafe positioning of the Classic Tour Bag. Be sure the weight of the contents in the bag does not exceed safe limits. It is the riders responsibility to determine what the safe limit is based on the position of the bag, proper securing of the bag and weight limits called out by the manufacturer of the motorcycle.

NOTE:The wide hook-&-loop belt is not removable. When this bag is used on bikes without needing this belt simply tri fold it.

SUGGESTIONS

This bag attaches very nicely to a truck rack. As you can see the GL1800 in PIC.1 the two rear straps can be run through the rack and back up to the binding clamps. The front is secured by using the two adjustable straps run around the support legs on the rack. This will keep the straps in the proper position. See PIC.2.

This bag also attaches to bikes with back rests with or without a luggage rack. PIC.3 shows the bag sitting behind the back rest on a rack, secured with the wide hook-&-loop belt. PIC.4 shows the rear of the bag and how it is attached to the rack.

If you would like to use this bag as a back rest simply turn the bag around still using the wide belt around the back rest. To secure the front of the bag you could run the two straps around the passenger grab strap.

There are many D Rings attached to this bag that you are able to use for attaching other bags or gear, or to further secure the bag to your bike. The shoulder strap works well to transport the bag to/from your bike.

CAUTION! Prevent potential damage to your motorcycle! Never exceed the manufacturer's recommended loading limits for your motorcycle!

WARNING! PREVENT POTENTIAL SERIOUS INJURIES! BE SURE ALL FASTENERS ARE SECURE BEFORE RIDING AND THAT THE BAG OR STRAPS DO NOT INTERFERE WITH THE PROPER OPERATION OF YOUR MOTORCYCLE.

ATTENTION! Secure all straps away from visible painted surfaces, moving parts, pinch points or extreme heat.
