VRSC CHROME BRAKE CALIPER INSERT

GENERAL

Kit Number

42053-05, 42054-05

Models

This kit fits 2006 and later VRSC model motorcycles.

Kit Contents

Kit 42053-05 contains one chrome rear caliper insert.

Kit 42054-05 contains one chrome front caliper insert.

INSTALLATION

1. See Figure 1. Press in the upper tab (3) with a small screwdriver and remove the stock brake caliper insert (1) from the brake caliper (2).

NOTE

When installing the front caliper insert, position the single prong tab to the top of the caliper. When installing the rear caliper insert, position the single prong tap toward the front of the caliper.

2. Install the the chrome brake caliper insert into the brake caliper with the caliper oriented in the same manner as the stock insert.
