VAPOR FRONT WHEEL

GENERAL

▲ WARNING

Install only wheels and installation kits approved for your model motorcycle. Contact a Harley-Davidson dealer to verify fitment. Mismatching wheels and installation kits or installing wheels not approved for your model can cause loss of control, which could result in death or serious injury. (00610c)

Kit Number

43300067

Models

For model fitment information, see the P&A Catalog or the Parts and Accessories section of www.harley-davidson.com.

Kit Contents

See the Service Parts section for kit contents.

Additional Parts Required

NOTE

Accessory hub caps are not compatible with this wheel.

This kit includes the custom wheel only.

Proper installation of this kit requires the separate purchase of the following parts which are available at a Harley-Davidson dealer:

- Wheel Installation Kit (See Table 2 and Table 3.)
- 5 Brake Disc/Hub Cap Screws (3762M) and 5 washers (6966M) or one chrome screw kit (91800029)
- Wheel Bearing Remover and Installer (94134-09)

The following Harley-Davidson Genuine Motor Accessories are recommended for proper maintenance and cleaning:

- Harley® Bright™ Chrome Cleaner (94683-99)
- Harley® Glaze™ Polish and Sealant (99701-84)
- Harley® Wheel and Spoke Brush (43078-99)
- Harley-Davidson® Wheel and Tire Cleaner (94658-98)
- Harley® Preserve™ Bare Aluminum Protectant (99845-07)

▲ WARNING

The rider's safety depends upon the correct installation of this kit. Use the appropriate service manual procedures. If the procedure is not within your capabilities or you do not have the correct tools, have a Harley-Davidson dealer perform the installation. Improper installation of this kit could result in death or serious injury. (00333a)

NOTE

This instruction sheet references service manual information. A service manual for your model motorcycle is required for this installation and is available from a Harley-Davidson dealer.

INSTALLATION

NOTE

Install pull thru valve stem (40999-87) included in the installation kit. Discard all other valve stems.

1. Remove existing front wheel assembly. Save axle, axle nut, brake disc and wheel spacers for kit installation. Refer to the service manual.

NOTE

The shim(s) provided in the installation kit are not required for this wheel kit and can be discarded.

2. See Figure 1. Install valve stem assembly (N) on wheel. Refer to service manual.

NOTICE

Do not re-use brake disc/rotor screws. Re-using these screws can result in torque loss and damage to brake components. (00319c)

NOTE

The brake disc side of the wheel is the primary bearing side of the wheel.

3. Assemble wheel installation kit components and brake disc to wheel, using the appropriate service parts table. Refer to service manual.
4. Install primary bearing first following the instructions in the service manual and using a WHEEL BEARING REMOVER/INSTALLER.
5. Install stock wheel spacers.
6. Install front wheel (1), stock axle and stock spacers to motorcycle. See service manual.

MAINTENANCE AND CLEANING

1. Clean heavily-soiled wheel surfaces using Harley-Davidson Wheel and Tire Cleaner applied with the Harley Wheel and Spoke Brush.
2. After cleaning and polishing, seal the finish with a good quality sealer, such as Harley Glaze Polish and Sealant.
