BRAKE CALIPER INSERT (DISHED)

GENERAL

Kit Number

44542-03

Models

This kit fits front and rear brake calipers on 2000 and later models (except Springer® front calipers, 2004 and later XL models and 2006 and later VRSC model motorcycles).

Kit Contents

This kit contains one insert, brake caliper-dished, Part Number 44542-03.

There are no Service Parts available with this kit.

INSTALLATION

NOTE

Leave the current caliper insert installed.

1. Clean the existing caliper insert thoroughly with a soft cloth dampened with rubbing alcohol.
2. Remove the adhesive backing from the new caliper insert and hold it in place over the existing caliper insert. Press the new insert firmly to activate the adhesive.
