Additional Parts Required

⚠ WARNING

The rider's safety depends upon the correct installation of this kit. Use the appropriate service manual procedures. If the procedure is not within your capabilities or you do not have the correct tools, have a Harley-Davidson dealer perform the installation. Improper installation of this kit could result in death or serious injury. (00333a)

NOTE

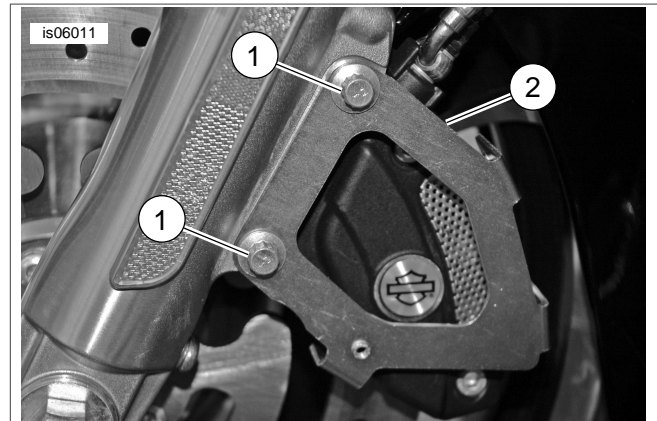

This instruction sheet references service manual information. A service manual for your model motorcycle is required for this installation and is available from a Harley-Davidson Dealer.

Kit Contents

There are no service parts available for this kit.

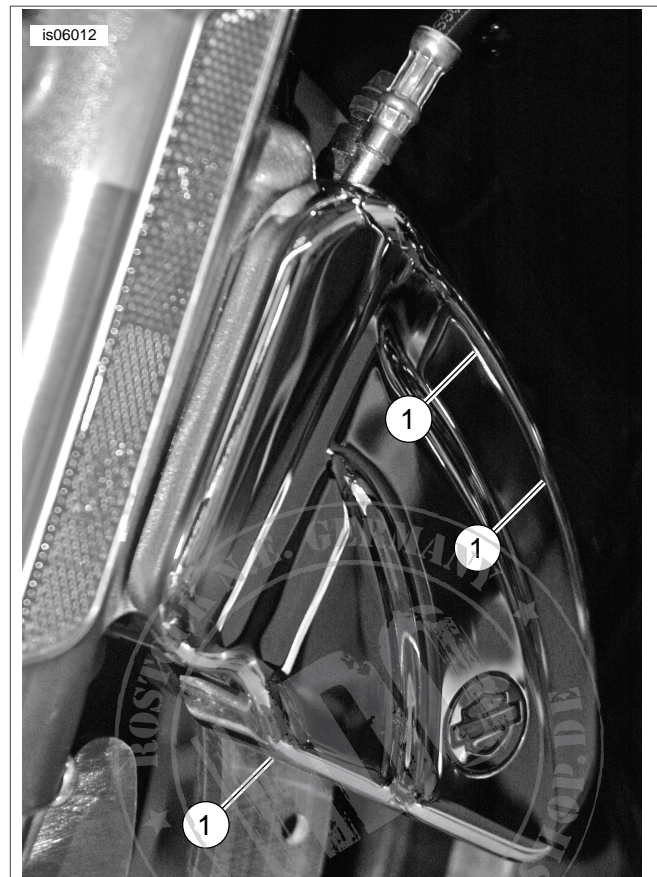

INSTALLATION

1. See Figure 1.
 - a. Install the left caliper mounting bracket (2) by removing the caliper mounting bolts (1) that attach the caliper to the fork slider.
 - b. Align the bracket over the holes.
 - c. Install the bolts and alternately tighten the bolts to 28-38 ft-lbs (38-52 Nm).
2. See Figure 2. Install the left caliper cover with three screws (1). Tighten the screws to 22 **in-lbs** (2.5 Nm).
3. Repeat all steps for the right side.

1. Caliper mounting bracket bolt (2)
2. Caliper mounting bracket
