#### NOTE

*This instruction sheet references Service Manual information. A Service Manual for your model motorcycle is required for this installation and is available from your Harley-Davidson Dealer.*

#### **⚠ WARNING**

The rider's safety depends upon the correct installation of this kit. Use the appropriate Service Manual procedures. If the procedure is not within your capabilities or you do not have the correct tools, have a Harley-Davidson dealer perform the installation. Improper installation of this kit could result in death or serious injury. (00333a)

### Installation

#### NOTE

*When performing the following procedures, be careful not to scratch painted surfaces (fender, tank, etc.) with metal tabs on seat.*

1. Remove existing seat from motorcycle according to Service Manual instructions. Note hardware sequence for reinstallation. Save all attaching hardware.
2. Attach new seat with hardware saved in Step 1.

#### **⚠ WARNING**

After installing seat, pull upward on front of seat to be sure it is in locked position. While riding, a loose seat can shift causing loss of control, which could result in death or serious injury. (00070a)
