REV. 4-5-01

Kit Number 52912-00

## FLSTC TOURING PILLION

### General

This kit is designed for installation on all 1986 and later FLSTC Softail model vehicles.

#### WARNING

Do not install this kit on motorcycles that are not equipped with appropriate passenger footpegs and grab strap. Footpegs and grab strap will help passenger stabilize his/her position while motorcycle is in motion. If footpegs and grab strap are not installed, passenger could fall from moving motorcycle or grab onto operator, causing loss of control and possible death or serious injury.

See Service Parts Illustration for a list of kit contents.

### Installation

1. Remove stock grabstrap and all mounting hardware. Save the stock locknut.

2. Remove stock seat from motorcycle according to applicable Service Manual instructions. Remove rear mounting bracket from stock pillion. Remove stock pillion from solo seat. Save all hardware.
3. Install the rear seat bracket removed in Step 1 onto the touring pillion using the stock mounting hardware.
4. Install touring pillion to solo seat (in the same manner as stock pillion was mounted. Reuse stock hardware saved in step 1.
5. Install seat to motorcycle. Fasten rear mount bracket to fender nut using stock mount screw.

#### WARNING

After installing seat, pull upward on front of seat to be sure it is locked in position. If seat is loose, it could shift during vehicle operation, resulting in loss of control of vehicle and death or serious injury.

6. Install grabstrap (5) using screws (2), washers (3) and spacers (4) as shown.
