Kit Contents

Table 1. Service Parts Table

Item	Description (Quantity)	Part Number
1	Front wheel air baffle	Not Sold Separately
2	Lockwasher, 1/4 inch, chrome (2)	94080-90T
3	Screw, 1/4-20 x 5/8 inch (2)	94385-92T
4	Allen wrench, 0.156 inch hex	94451-82

INSTALLATION

1. Hold air baffle up to holes provided in front forks. Be certain to properly align holes in forks with holes in air baffle.
2. Insert lockwasher onto screw.
3. Insert lockwasher/screw assembly through air baffle into one of the holes on front fork.
4. Tighten screws with Allen wrench to 6-10 ft-lbs (8.1-13.5 Nm).
5. Repeat Steps 2 through 4 for other hole.
