FLTI COMPARTMENT LINERS

General

These liners are designed for 1998 and later FLTI models motorcycles.

Kit contents:

- 1 right hand liner
- 1 left hand liner
- 2 pieces hook/pile fastening tape

Installation

1. Carefully cut each piece of fastening tape into the following lengths: (1) 6 in. piece, (2) 5 in. pieces, (1) 2 in. piece, (1) 1 in. piece.
2. Peel backing off pieces of tape and place tape in locations shown in Figure 1. The 6 in. piece of tape goes on the inboard side of the compartment.
3. See Figure 2. Place liner in compartment making sure the trim at the top of the liner is securely attached to the tape. The right and left liners are cut to fit into their respective compartments.

The liners can be remove and washed with soap and water as needed.
