Kit Numbers 69303-02, 69304-02, 69309-02 and 69315-02

## CLEAR/SMOKED BULLET STYLE OR VRSC TURN SIGNAL LENS KITS

### General

Kit Numbers 69303-02 and 69304-02 are designed for installation on 2000 and later Harley-Davidson Motorcycles equipped with "bullet" style turns signals (except VRSC).

Kit Numbers 69309-02 and 69315-02 are designed for installation on 2002 and later VRSC (V-Rod) Model Motorcycles.

See Service Parts Illustration for kit contents.

### Installation

**NOTE**

A Service Manual for your motorcycle is available from your Harley-Davidson Dealer.

1. See Figure 1. Locate the removal notch on the turn signal lens and carefully pry from housing. Discard lens. Repeat for remaining lenses.
2. Remove bulbs from turn signal assemblies.
3. Obtain new amber bulbs from kit. Install the bulbs marked **1157A** (Dual Filament) to the front turn signal assemblies.

Install the bulbs marked **1156** (Single Filament) to the rear turn signal assemblies.

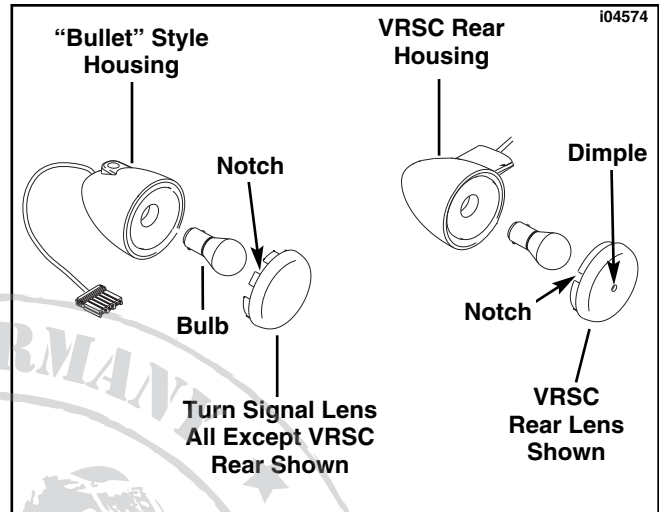

Figure 1. "Bullet" and VRSC Turn Signal Lenses

**NOTE**

See Figure 1. VRSC (V-Rod) Models have unique rear turn signal lenses. The rear lens is identified with a dimple mark in the center of lens. The front has no dimple.

4. Obtain new lens from kit and install by snapping into place. Check turn signals for proper operation.
