BULLET TURN SIGNAL TRIM RING KITS

GENERAL

Kit Number

69736-02, 69757-05

Models

For model fitment information, please see the P&A Retail Catalog or the Parts and Accessories section of www.harley-davidson.com (English only).

NOTE

These kits are used only in the United States and Canada.

Kit Contents

There are no service parts available for these kits.

INSTALLATION

1. See Figure 1. Place a standard screwdriver tip into notch (A) on turn signal lens (B) to pry lens from bullet-style turn signal housing (C).
2. Position the chrome trim turn signal lens over the turn signal housing with the pry notch positioned at the bottom of the turn signal.

NOTE

Press on the outer edges of the lens, not on the chrome trim ring around the lens, until the lens snaps into the housing.

3. Press lens into turn signal housing.

4. Repeat for opposite turn signal.
