## SMALL CUSHION FOOTREST KIT WITH ADJUSTABLE END COVERS

### General

Kit 91821-85 replaces small passenger and highway footrests on most models and also replaces larger rider footrests on FXR, FXRS, and FXRT models. This kit contains the following parts:

QTY	DESCRIPTION	PART NUMBER
2	Footrest cushion, small	Not sold
2	Adjustable end caps	50999-85

### Installation

1. Remove bolt, locknut, spring washer, and old footrest from footrest support. Discard spring washer.
2. See Figure 1. Loosen set screw on new footrest. Adjust end cover so the Harley-Davidson logo is horizontal when footrest is attached to vehicle and in the down position. Tighten set screw.
3. Attach new footrest to footrest support using bolt and locknut from old footrest. Tighten bolt.
4. Repeat Steps 1 through 3 for the other footrest.

### ⚠ WARNING

These footrest pegs must fold up at a 45° angle (from vertical) toward rear of motorcycle. This angle allows footrest pegs to fold up if they strike the ground when making a sharp turn. Failure to set footpegs to the proper fold-up angle could result in death or serious injury.
