Kit Number 91907-87

MIRROR EXTENSION KIT

General

This kit is designed for use on 1982 and later FLT and FLHT model vehicles and 1986 and later FLHTC and FXRT model vehicles.

The kit contains the following parts:

QTY	DESCRIPTION
2	Spacer
2	Extension, mirror
1	Loctite, tube

Installation

1. Remove mirror from handlebar. Retain hardware and note sequence for reassembly.
2. Slide spacer (chamfered end toward mirror) onto threaded end of mirror stem.
3. Apply Loctite to threads on mirror stem and thread into mirror extension.
4. Mount mirror to handlebar. Do not include original equipment spacer from top of mount. Add flat, then lockwasher to bottom. Secure assembly with acorn nut.
5. Repeat Steps 1 through 4 for opposite side.
