REV. 12-20-02

Kit Number 94014-03

## CAM COVER CHROME HARDWARE KIT

### General

This kit is designed for use on all 2002 and later VRSC model motorcycles.

See the Service Parts illustration below for a list of items contained in this kit.

#### NOTE

A Service Manual for your model motorcycle is available from your Harley-Davidson Dealer.

### Installation

#### WARNING

To prevent accidental vehicle start-up, which could cause death or serious injury, disconnect battery cables (negative cable first) before proceeding. (00048a)

#### WARNING

Disconnect negative (-) battery cable first. If positive (+) cable should contact ground with negative (-) cable connected, the resulting sparks can cause a battery explosion, which could result in death or serious injury. (00049a)

1. Follow the procedure found in the Service Manual to remove the hardware from the cam covers.
2. Consult the Service Manual for screw locations, torque values and recommended gasket replacement.

#### WARNING

Connect positive (+) battery cable first. If positive (+) cable should contact ground with negative (-) cable connected, the resulting sparks can cause a battery explosion, which could result in death or serious injury. (00068a)
