## HARLEY-DAVIDSON GRADUAL RELEASE 1.5" RATCHET STRAPS

### GENERAL

#### Kit Number

94706-10

#### Models

This kit adapts to all models.

#### Kit Contents

This kit contains one slow release ratchet strap.

### OPERATION

1. Pull latch (1) to engage into tightening area (2). Release latch and rotate handle back and forth to tighten. Do not over tighten.
2. Pull latch (3) and close the handle fully to engage lock (4).
3. Pull latch (5) to release the lock. Move handle back and forth one notch at a time to gradually release tension (6).
4. When tension is released, pull latch (7) and fully open buckle (8) to allow webbing to unroll freely.
